

# Your summary of benefits

## Your Plan: Lam Research Base PPO Plan

*This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal Summary Plan Description (SPD). If there is a difference between this summary and the Summary Plan Description (SPD), the Summary Plan Description (SPD), will prevail.*

# Your summary of benefits

## Notes:

- This Summary of Benefits has been updated to comply with federal requirements, including applicable provisions of Federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this Summary of Benefits. This Summary of Benefits, as updated, is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care (as applicable).
- Annual Out-of-Pocket Maximums includes copays, coinsurance and prescription drug.
- Inpatient services for Non-PPO facilities are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, a \$500 penalty applies.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (i.e., X-ray, lab, surgery), after any applicable deductible.
- For services rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement is based on the maximum allowable amount. Members may be responsible for any amount in excess of the maximum allowable amount.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- Travel and Lodging Benefit – limited benefit available to members who are unable to obtain services to an In-Network or Out-of-Network provider near their residence.
- For additional information on limitations and exclusions and other disclosure items that apply to this plan, go to Anthem website or call customer service.
- Preventive Care Services includes physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- This plan includes an embedded accumulation for the deductible and out-of-pocket maximum. This means that the family amounts can be met by any combination of amounts from any family member, however an individual member of a family only has to satisfy the individual deductible or out of pocket amounts.
